Dear Fiona,

Thank you very much for your generous support and amazing talent that you provided with your belly dancing team for the Breakthrough "Bizarre Bazaar" night.

Jeremy and I had an outstanding night and were amazed that none of the dancers had no more than ten lessons. This surely must be a sign of your incredible teaching skills. The whole event with the dancers was very professional and very well received by all who attended.

Thank you for all your hard work, time, love and commitment that went into this. There are people such as yourself that make a difference to our program.

Sincerely,

Candy Bingham
